

Andy Thomas

Full Stack Python Developer

Austin, TX (willing to relocate)

(512) 436-5120

anpythomas@gmail.com

<https://anpythomas.com>

github.com/anpythomas

Python Developer with a passion for development, problem solving and automation. A proven leader who thrives in a fast past team environment with tight deadlines. 2.5 years of Python experience. I quit a comfortable job, completed several online programming courses and have spent the last 2.5 years programming full time. I've built several projects from scratch through trial and error using Google, Youtube and Stackoverflow.

PROJECTS

Booggle-Finance — <https://booggle-finance.com>

Booggle scrapes whiskey pricing data from an online auction and outputs an easy to read line-chart, scatter plot and a list of all sales.

Django | Postgres | AWS | Web Scraping | Pandas | Seaborn
